5. Switch# clock set 19:00:00 17 Feb 2023

6. As the interface speed of the 2 switches are different: S1 is at 10MB/s while S2 is
at 100 Mb/s.
To solve the issue, speed of the 2 switches can be set to the same by command
'speed auto'. The switches can then be connected automatically with the same
speed.
